**Proposal: Phase 1 – Car Rental App with Telebirr Payment Integration**
**Date:** June 2025

Dear ABC Car Rental,

We propose developing **Phase 1** of your Car Rental Mini App, focusing on integrating **Telebirr payments** and enabling a seamless car reservation experience.

## Key Features:

- **Telebirr Wallet Integration**: Secure Payments for Car Reservations.
- **Customize and insert into the Telebirr superapp** and manage the superapp process
- **Car Listing & Package View**: Users can browse available cars and pricing.
- **Reservation & Auto-Booking**: Real-time car booking based on the selected package.
- **Admin Portal**: Track reservations, payments, and manage user bookings.

## Pricing (ETB):

| Module | Cost |
|---|---|
| Telebirr Integration | 25,000 |
| Car Listing & Package UI | 10,000 |
| Reservation & Auto Booking | 25,000 |
| Admin Panel | 25,000 |
| **Total** | **85,000** ETB |

We're ready to deliver a reliable and user-friendly system tailored to your needs.
